ANNOUNCEMENT

Water Quality Task Force Meeting Scheduled Monday, February 4

Please join us as we initiate the Cass County Conservation District Water Quality Task Force.

This informal meeting will be held on Monday, February 4, 2019 at 6:00pm at the Dr. TK Lawless Park Building which is located just west of the main entrance of the park at 15122 Monkey Run Road, Vandalia, MI 49095.

All those interested in assisting the District to better address water quality concerns for Cass County are welcome to join us. We will be seeking input from all to help us prioritize projects, gather information, research grant opportunities (help us find the gold at the end of the rainbow), and more as this group will help the District Board determine future direction for more water quality programming efforts.

We will also be seeking volunteers to assist with spring 2019 Marcellus Schools educational program along the Dowagiac creek, a summer or fall river clean-up, invasive species boat wash and landing blitz on area lakes, and an educational game/float at the Blue Gill Frolic.

Please RSVP at above number or email so, I can have right number of chairs, pizza, & snacks.
